SAFE FOR CONSUMPTION**

RE: [FDA Alerts Consumers to Recall of Certain Pistachios \(March 30\)](#)

Dan-D Foods Ltd. is taking the warning issued by the Canadian Food Inspection Agency (CFIA), U.S. Food & Drug Administration (FDA) and the California Department of Public Health (CDPH) investigating *Salmonella* contamination in pistachio products very seriously. It is our primary concern as a food company to ensure the safety and quality of our products.

Dan-D Foods Ltd does not buy or use any pistachios from the named supplier. Our supplier is not affected by the recall therefore we can confirm that no contaminated pistachios have been used in our production.

Updated information regarding the pistachios/products/ingredient recall is available on the CFIA (www.inspection.gc.ca) or FDA website (www.fda.gov) websites. If you have any questions regarding our pistachio products please contact us.
